

## Hancock Department

### COUNCIL WANTS WORK HASTENED

#### QUESTION OF GETTING ELEC- TRIC PUMP INSTALLED AND INTO ACTION IS DIS- CUSSED.

The electric pump for the new water works system in west Hancock and its installation at the earliest possible moment in the pump house that is being erected by Verville Brothers, were the subjects considered at great length by the Hancock city council at its regular session held last evening. The matter was introduced by Acting Mayor Francis, who stated that the board of public works had appointed Engineer William Rentenbach to have charge of the new system, and added that the reason the work of installing the pump is delayed is owing to the unfinished state of the pump house.

Alderman Maier thought that it would be best to let the pump stay where it is until spring, in which suggestion Mr. Francis concurred, expressing his belief that the pump is better off where it is now stored, covered over with tar paper, than it would be in the new structure in its present state. The roof of the latter, he said, is only a temporary one, and the windows have not been put in. In the opinion of Engineer Craig the installation should be no longer delayed, as the pump could be moved more easily while the snow is on the ground. To leave it until spring would mean a further delay of several months and the section to be supplied by the pump is already clamoring for service, both for domestic use and fire protection. The Craig stated, is one of the most urgent needs of the hillside section. "The piping is all in, the pump is here, the reservoir is ready and the pump house nearly finished. He urged therefore that the matter be hastened.

"Things are awful," said Alderman Scallion, coming to the support of the engineer. "The little dinky pump that is being used is liable to break down at any moment. The new pump should be put in at once and a contract made for providing the 'juice' with which to operate it, and it ought to be done as quickly as possible."

Clerk Macdonald said that some residents had complained that the wells sunk on the city property had drawn the water away from wells that had hitherto furnished them with a water supply and they were anxiously awaiting service from the new system. Dr. Scallion did not think the claim drawn away from the water being drawn from private wells was tenable, but he did consider it dishonest for the city to ask people to pay for water if they are not receiving it. "At any rate," he added, "they

have one advantage. If they refuse to pay their rates, we can't shut off their water supply." It was decided to have the contractors exercise all possible dispatch in completing the pump house, so as to have the pump installed and put into operation as quickly as possible.

#### More Electric Lights.

A petition from residents of Mason avenue asking for tungsten lights was received and the clerk was instructed to communicate with the electric light company and have them install the lights at once. On motion of Alderman O'Neill the street committee was instructed to insist that the electric light company install the lights ordered to be placed in various parts of the city some time ago.

#### Quincy Street Repairs.

A letter from General Manager Rogers of the Houghton County Traction company, replying to one from Mayor James at Lansing relating to the new rails to be laid on Quincy street and repairs to the paving, was received. The communication stated that rails and other materials were on hand but that there was some difficulty concerning the contract for the asphalt. The price made by the Barber Asphalt company, which laid the pavement originally, was higher than some other firms offered to do the work for, and it was desired to ascertain whether the contract of the city with the Barber people would be in any way affected by letting the contract to another concern. Attorney Condon has been looking into the matter and as soon as he has given a decision the street railway company is prepared to go ahead with the work as soon as weather conditions permit in the spring. Besides the work adjoining the tracks, there are a number of places along Quincy street to be patched, including the places where the asphalt was cut in laying the underground conduits. The contract with the Barber company provides that any such work will be done at its expense, as was charged for laying the pavement in the first place, while spots which are broken through wear and tear resulting from regular traffic, are to be repaired gratis by the asphalt company for a period of ten years. This guarantee still has a year and a half to run. When the repairs are made it is believed the pavement will be good for ten more years of service. On motion of Alderman Scallion the question brought up in Mr. Rogers' letter was referred to the attorney, engineer and street committee.

#### Long-Lived Germs.

Living typhoid germs have been found in a fly stomach six days after the fly had sucked them in, and these germs were in their "specks" for two days after germs were eaten by Miss Fly. Consumption germs were taken out of the belly of a fly at a fly post-mortem. Mrs. Fly had sucked these particular consumption germs in fifteen days before. Diphtheria germs live in flies a week, but cholera germs die out in a couple of days.

#### HANCOCK BRIEFS.

C. B. Ulrich was at Marquette this week on a business trip. August Beck of Calumet, was a visitor in Hancock yesterday. Miss Minnie Mason has returned from a visit with friends in Wisconsin.

Mr. and Mrs. William Funkey and John Merrick have gone to Chicago for a visit.

A. N. Hosking of the Superior bank, who has been ill for several days, is improving.

Emory Jacques has taken a position as salesman for the Bridgman-Russell company.

Mr. and Mrs. Charles Hiltunen of Shafter street are the parents of a son born last week.

C. J. Ryan has returned to Duluth after a week here on business for the National Cash Register company.

Dave McVey, a well known local character, has been confined to his room for the past week or so by illness.

Phil Pinton, who has been ill at his home in the Exley flats for the past two weeks, is reported to be improving and expects to be out again soon.

Michael Cullinney of West Hancock has left for Hurley with a force of men to work for the Wisconsin Bridge and Iron company on a structural contract.

Misses Marie Servia and Marie Kallio of Hancock left yesterday for California and on Wednesday evening were tendered a farewell party by a number of their friends.

The basket ball games scheduled for Saturday afternoon at the Germania hall will be played this afternoon instead, it having been found that the hall would be otherwise engaged on Saturday.

Mr. and Mrs. Henry Funkey were tendered a surprise party at their home on Quincy street, Tuesday evening by a party of friends. Mr. and Mrs. Funkey moved today to Semter where they will reside.

A party of about sixteen members of the Knights and Ladies of Kaleva took a sleigh-ride party last evening to the home of John Aho at Highway, where a pleasant evening was spent with games, etc.

Tonight the Hancock lodge of Elks will initiate four candidates for membership and receive an official visit from District Deputy John Foley. An informal smoker and social session will follow the meeting.

Large quantities of logs are being hauled from the south range for use in timbering the Quincy, about a dozen loads a day being received. Andrew Johnson, the contractor has the contract for delivering the timber.

Manager Kerredge yesterday announced the booking of two important dramatic productions for presentation at the Kerredge theater in the near future. The first is "The Rosary" and the other is "Madame Sherry." Both will be seen here in April.

The funeral of the nine months old son of Mr. and Mrs. John Franz of Dollar Bay, whose death occurred Tuesday night was held at half past one o'clock this afternoon. Services were conducted at the Dollar Bay Swedish church and interment took place at the Lakeside cemetery in Hancock.

#### K. OF C. PROGRAM.

##### Details of Installation and Social Session Monday.

The program for the social session and smoker which are to be held by the Hancock council of the Knights of Columbus on Monday evening next has been completed, and comprises the following features:

Selection—Y. M. C. A. orchestra.  
Toastmaster, John Keyes, who will call on D. A. Holland to respond to a toast.  
Vocal solo—Steve Landry.  
French dialect story—A. F. Jacques.  
Selection—Orchestra.  
Address—Rev. Fr. Miller.  
Vocal solo—C. O. Olivier.  
Address—District Deputy Bush.  
Selection—Male quartette.  
Selection—Orchestra.

#### ANNUAL MEETING HELD.

##### Pewabic Ladies' Aid Society Holds Election of Officers.

At the meeting of the Ladies' Aid Society of the Pewabic M. E. church Tuesday evening officers for the ensuing year were elected as follows:

President—Mrs. Henry Jenkin.  
Secretary—Mrs. James Martin.  
Treasurer—Mrs. Frank Nancarrow, Jr.

There was a short program before the meeting, consisting of an instrumental selection by Miss Susie Kinsman, and a vocal solo by Miss Ethel Jacobs. The report of the treasurer was not presented but will be submitted to the officers before the next meeting.

#### FUNERAL OF JOHN DAWE.

The funeral of the late John Dawe, a pioneer of the copper country, who died yesterday morning at his home in Hurontown, will be held at 1:30 o'clock tomorrow afternoon from the residence. Mr. Dawe came to the copper country from England in 1864. He is survived by one brother, Capt. Peter Dawe of Calumet, mine inspector of Houghton county.

#### DIED AT COBURN TOWN.

August Turwitz, aged 39, died yesterday afternoon at about three o'clock at Coburntown, death resulting from pneumonia. The decedent was employed at the Quincy and was unmarried. The funeral will be held on Friday afternoon, with interment in Lakeside cemetery.

#### Mark Twain on the Fourth.

"Our ambassador has spoken on the Fourth of July and the noise it makes. We have a double Fourth of July in America. We honor it all through the daylight hours, and when the night comes we dishonor it. Just at this hour the pandemonium would be about to begin. More than the noise, there would be people crippled and killed, all through the permission which we give to irresponsible boys to play with firearms and firecrackers. Really we destroy more property on the night of the Fourth of July than the whole of the United States was worth 125 years ago, and to thousands it is turned into a day of mourning.

"I have suffered in that way myself. I had an uncle in Chicago—as good an uncle as ever I had, and I have had lots of them. He opened his mouth to express his patriotism and a rocket went down his throat. And before that man could ask for a drink of water to quench the thing it had scattered him all over the 45 states. Really this is true. Twenty-four hours after that it was a sort of raining buttons on the Atlantic seaboard. A man cannot have a disease like that and be entirely cheerful during the rest of his life. These things grieve me, but don't let them make you sad."—Forum.

#### Her Mistake.

The young woman was hastening to the subway station en route to the railway train. Looking about for a boy to carry her heavy suitcase, she espied a stalwart youth and asked him if he would take it for her to the station. He hesitated a moment, as he had been headed in an opposite direction, and then complied. At the ticket window there was an unusual crowd. The boy pushed forward, bought a ticket for the young woman, put it in the box and handed her the dime which seemed about adequate for his services he smiled at her peculiarly, shook his head, lifted his hat gracefully and was gone before the young woman had time to protest or really to understand what had occurred. Then the appalling thought came to her with conviction that he was undoubtedly a college boy putting in vacation time at some kind of employment which necessitated his wearing quite ordinary working clothes, and in her careless haste she had observed only the clothes, not the character of the face above them.

"And how dreadful," she thought, squirming with mortification, "he actually paid my fare, too!"

#### How to Live Long.

Man's greatest desire is long life, yet few seem to realize that long life depends upon certain conditions and by meeting them life may be greatly lengthened.

Heredity is of course a factor to be considered, but its power has been greatly overrated. A man of poor stock from a sickly and short-lived family can often by taking proper care of himself live longer than the man endowed with a superb vitality but who lives carelessly or is dissipated and uses up his natural stock of life power and so fills an early grave.

A calm mind and a clean body are the two greatest requisites for a long life.

To have a clean body one must drink plenty of pure water and see to it that the natural eliminating organs are doing their full duty. Calmness of mind is essential because excitement, particularly unpleasant excitement, disturbs the action of the vital organs, interferes with their duty, depletes vitality and curtails the span of life.

#### Locating the Villain.

"And who will be the principal villain of your production?" asked the friend.

"Oh, the first-night critic, I suppose," replied the manager, wearily.—Washington Star.

#### Looked Good.

Woggs—So you got stung in that mining company? You should have known better.

Boggs—How could I? It looked like a real thing; no fake earmarks about it. Why, there wasn't a single man on the board of directors who was prominent in public life.—Puck.

The city governments of Dublin, Glasgow, Dundee and North Berwick have voted unanimously to petition parliament in favor of the woman suffrage bill.

♦ ♦ ♦ ♦ ♦ SURELY BREAKS THE MOST SEVERE COLD. ♦ ♦ ♦ ♦ ♦

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

### CIRCULATING A PETITION FOR A WIDER ROADWAY

A petition is being circulated in Hancock relative to the proposed improvement to be made on the highway between here and Calumet, under the direction of the county board of road commissioners. The plans as announced will provide for a macadamized roadway fifteen feet in width, four miles to be improved each year. The petitioners ask that the roadway be made thirty feet in width, instead of fifteen, claiming that the latter is too narrow and would result in accidents to automobiles and other vehicles passing each other, especially at night. The road to Calumet is one of the favorite routes of automobilists, and it is thought that while the improvement is being made it should be done in a manner to make it of the greatest possible benefit.

#### ATTENDED SUPREME COURT.

Lawton Returns From Lansing, Where He Represented Local Litigants.

Attorney Searly L. Lawton returned last evening from Lansing where he appeared before the supreme court as attorney representing A. L. Levy in the case of Levy vs. the Houghton County Traction company, and in the case of Daniel versus the Quincy Mining company. The decision of the court in these cases has not yet been announced.

Mr. Lawton met the copper country members of the legislature and Governor Osborn while at Lansing and found that the upper peninsula men are very popular among the legislators and people of Lansing generally. Senator James and Representatives LaCasse and Edwards have made many friends, while Major Billy Gates, secretary to the governor, is especially popular. Besides Mr. Lawton there were a number of other copper country attorneys at Lansing in the interests of clients having cases before the supreme court. Through the courtesy of the clerk of the court all the Houghton county cases were arranged to come in consecutive order, so that the attorneys might lose no time. Mr. Lawton stopped over for a visit at Ann Arbor and also at his former home in Lawton, Mich.

#### TO RUN FOR ALDERMAN.

J. E. O'Neill Will Again Be Candidate in the First Ward.

J. E. O'Neill, member of the common council from the first ward of the city of Hancock, this morning authorized the announcement that he would be a candidate for the nomination as alderman to succeed himself, on the Citizens ticket. Mr. O'Neill has served two years on the council and is also a member of the board of public works, and he has proved a most able and conservative official, serving on some of the most important committees. He has been mentioned in current political gossip as a possible candidate for mayor, but he states that he has no intention whatever of seeking that office, but will try to be re-elected for another term on the council.

#### "THIS DATE IN HISTORY."

1807—Gen. Robert E. Lee born. Died Oct. 12, 1870.

1809—Edgar Allan Poe, poet, born. Died Oct. 7, 1849.

1812—British under Wellington stormed and took Ciudad Rodrigo, in Spain.

1865—Lord Monck opened the last Canadian parliament.

## Danderine

GROWS HAIR  
and we can  
PROVE IT!

A lady from Minnesota writes:  
"As a result of using Danderine, my hair is close to five feet in length."

#### Beautiful Hair At Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very seat in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying out, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes,  
25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

#### Judging a Man.

"You can judge a man by the company he keeps," said Uncle Allen Sparks, "but you can't always judge him by his habits. Some men are a good deal better than the cigars they smoke."

Within the last ten years the Methodist church in the Philippines has grown to a membership of 30,000 and 500 Filipinos are preaching.

### BEER--BEER-- GLORIOUS BEER

May you always drink as pure and good a beer as the Calumet. If you do you will preserve your health and strength and live many days to enjoy it. For Holiday cheer there is nothing like the Calumet Beer.

CALUMET BREWING CO.  
Phone 274.

## Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin.—"For three years I was troubled with female weakness, irregularities, headache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can't thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."  
—Mrs. John Wentland, R. F. D., No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.
